Speech to Print 3/e

Language Essentials for Teachers

By Louisa Cook Moats

For two decades, Speech to Print has been a bestselling, widely adopted textbook on explicit, high-quality literacy instruction. Now the anticipated third edition is here, fully updated with ten years of new research, a complete package of supporting materials, and expanded guidance on the how of assessment and instruction in today's classrooms. Filling a critical gap in teacher preparation courses, Speech to Print supplies K-12 educators with in-depth knowledge of the structure and function of language-fundamentals they need to deliver successful structured literacy instruction. Renowned literacy expert Louisa Cook Moats gives current and future teachers comprehensive, accurate, and accessible information on the underpinnings of language instruction.

Introduction to Clinical Methods in Communication Disorders 4/e

By Rhea Paul, Elizabeth Schoen Simmons

Fully updated and revised based on the 2020 ASHA standards and recent AAA standards, the new edition of this bestseller is the core textbook for all students in clinical methods courses—and a reliable reference for practicing SLPs and audiologists. Leading authority Rhea Paul and newly minted research scholar Elizabeth Schoen Simmons bring together more than 20 academics and clinicians for a state-of-the-art guide to contemporary evidence-based practice. Covering a broad range of disorders and developmental levels, this text sets emerging professionals on the path toward mastering all the fundamentals of practice, from conducting effective assessment and intervention to ensuring that practices are family-centered and culturally inclusive. Tomorrow's clinicians will use this foundational textbook to guide their professional decision-making and provide the best possible services for people with communication disorders.

Design-Based Research in Education
Theory and Applications

By Zoi A. Philippakos, Emily Howell

Action Research in Education 2/e
A Practical Guide

By Sara Efrat Efron, Ruth Ravid

Effective research in educational settings requires collaboration between researchers and school-based practitioners to codesign instruction and assessment, analyze findings to inform subsequent iterations.

Acclaimed as a text and professional development tool, this user-friendly resource has now been revised and updated, and offers expanded coverage of collaborative action research (CAR) and participatory action research (PAR).

Explicit Instruction

Effective and Efficient Teaching

By *Anita L. Archer, Charles A. Hughes*

Explicit instruction is systematic, direct, engaging, and success oriented - and has been shown to promote achievement for all students. This highly practical and accessible resource gives special and general education teachers the tools to implement explicit instruction in any grade level or content area. The authors are leading experts who provide clear guidelines for identifying key concepts, skills, and routines to teach; designing and delivering effective lessons; and giving students opportunities to practice and master new material. Sample lesson plans, lively examples, and reproducible checklists and teacher worksheets enhance the utility of the volume.

Design and Deliver 2/e

Planning and Teaching Using Universal Design for Learning

By *Loui Lord Nelson*

Universal Design for Learning (UDL) is the best way to teach all students effectively and break down barriers to learning-but how can busy teachers get started with UDL right now? Find the answers in the second edition of this bestselling, teacher-trusted primer, created by internationally recognized UDL expert Loui Lord Nelson. Thoroughly updated to reflect new research and developments in the field of UDL, this book gives K-12 teachers a reader-friendly UDL introduction and a practical framework for implementation, with guidelines and checkpoints for designing effective, barrier-free lesson plans and learning environments.

Universal Design for Learning in the Classroom

Practical Applications

By *Tracey E. Hall, Anne Meyer*

Clearly written and well organized, this book shows how to apply the principles of universal design for learning (UDL) across all subject areas and grade levels. The editors and contributors describe practical ways to develop classroom goals, assessments, materials, and methods that use UDL to meet the needs of all learners. Specific teaching ideas are presented for reading, writing, science, mathematics, history, and the arts, including detailed examples and troubleshooting tips. Particular attention is given to how UDL can inform effective, innovative uses of technology in the inclusive classroom.
